Dear Parents, Guardians and Pupils,

On behalf of all school staff, I hope that you and your families are keeping healthy and safe during these exceptional circumstances.

This week, I would like to draw your attention to the following:

Stay Safe. Stay Learning: continuity of learning policy statement

On Monday, 20.4.20, Welsh Government Education Minister Kirsty Williams presented the "Stay Safe. Stay Learning: continuity of learning policy statement" which aims to support learners, leaders, governors, practitioners, parents and carers in dealing with the impact of coronavirus.

The Minister's statement makes it clear that the Welsh Government's priorities will continue to be:

- the safety and physical and mental health of all learners and the education workforce in Wales.
- the ability of all learners to keep learning,
- learners' transition back into school and onto the next phase of their learning when it is safe to do so.

For further information regarding the Government's plans and actions to make this happen, please see below documentation published by the Welsh Government on 20.4.2020.

https://gov.wales/stay-safe-stay-learning

As a school, we are working together with the Local Authority to ensure that all our pupils continue to learn. We are also developing our school provision regarding teaching on-line.

Work/Task setting for pupils

Arrangements continue regarding setting work/tasks for pupils via "Show my Homework". We have composed an on-line questionnaire to collect parent and guardian views on the current teaching on-line provision. We would greatly appreciate if you could complete the questionnaire on-line at the link below by Tuesday, 28.4.20.
